"Get the Job You Want, Even When No One's Hiring"

This Topic Will Really Get Your Audience Talking...

This is the **WORST**
time to leave my
current job...

This could be the **BEST** time to
leave a job you hate, stop doing
work you don't enjoy, or escape a
boss who's a jerk!

When unemployment
is sky high, it's
harder than ever to
get the job I want...

Getting the job you want may be
easier when unemployment is
high... and you can use the
unemployment headlines to your
advantage, to land a better job faster!

I need to **pay bills**
THIS month - a great
job and high salary will
have to wait...

The more you focus on getting ANY
job to pay the bills, the farther you
get from long-term success. **I'll**
show you 4 strategies to pay bills
now AND land a great job, too!

I need to polish-up
my **resume** and hit
the **job websites...**

Your **resume** is your **least**
important job search tool... and the
Internet is the **worst** place to look
for a good job in this economy!
